

# SACHT JEN SAYS WISCONSIN DRYS MADE PROGRESS

Prohibition Commissioner Ad-  
dresses Fond du Lac Meet-  
ing By Request

## FEDERAL OFFICER TALKS

Urges Counties To Assist State  
And Government Men In  
Enforcement

By Associated Press  
Fond du Lac—Answering questions  
put to him by representatives of the  
Anti-Saloon League as to whether the  
state had made progress in the pro-  
hibition enforcement, Herman A. Sacht-  
jen, state prohibition chief, at the  
district conference of enforcement  
men and law and order workers, re-  
plied he was confident that progress  
had been made.

Mr. Sachtjen cited that the state  
enforcement officers collected in fines  
about \$500,000 in the year next  
preceding his incumbency in office  
which began about four months ago.  
He also asserted the first year of his  
regime would see a satisfactory in-  
crease over these figures.

In an address by the state dry chief  
made just before his interrogatory be-  
gan plying questions, Mr. Sachtjen  
stated his office had endeavored main-  
ly to enforce prohibition as against  
licensed places such as pool halls and  
soft drink parlors. He said other  
sources of the liquor selling evil were  
left to the attention of federal agents  
and county officials. He declared, as  
did Clark M. Perry, federal prohibi-  
tion enforcement director for Wiscon-  
sin, who followed him, that enforce-  
ment was largely a matter for the  
people to accomplish in their respec-  
tive counties.

## ASKS COUNTY AID

"The state and federal agents fight-  
ing the bootlegging business are num-  
berless when compared with the vast  
legal machinery which counties have  
at command," he said. The state has  
12 agents, and the government about  
20 agents, according to the dry chiefs,  
as compared with more than 3,000  
county police officers.

Although the meeting was called by  
a local committee, Superintendent  
of the Wisconsin Anti-Saloon  
League frankly admitted the meet-  
ing was called by the league at the  
instance of citizens in the counties of  
the various districts in which dry  
meetings will be held. This is fol-  
lowing out the idea presented at the  
recent conference of Governors in  
New Jersey.

Cooperation was the keynote of  
Tuesday's meeting.

# ARRAIGNMENT OF WALTON PUT OFF

Former Oklahoma Chief Will  
Face Charges Of Diver-  
sion Of Funds

By Associated Press  
Oklahoma City—Arraignment of J.  
C. Walton, former governor, on six in-  
dictments charging diversion of pub-  
lic funds and dispersal of a meeting of  
the state legislature was continued  
Wednesday until Monday. The de-  
fendant's attorney was to have entered  
pleas Wednesday morning and the  
continuance was taken by agreement  
after it was found that four jury trials  
were docketed for Wednesday.

Dr. E. A. Davenport, state health  
commissioner, indicted with Walton  
on five counts charging diversion of  
public funds, was granted a separate  
trial on his application. He was given  
until Friday morning to plead.

Arraignment of P. Edwards, Wal-  
ton's former chauffeur, also set  
for Wednesday, was continued to  
Monday. Edwards is charged in five  
indictments with diverting public  
funds.

The three defendants were in court  
when District Judge George W. Clark,  
before whom the indictments were re-  
turned, postponed the arraignments.

A seventh indictment charging a  
misdemeanor is pending against Wal-  
ton in county court.

# SUSPECT ARSON IN FIRES AT MADISON

Madison—Fire of undetermined or-  
igin caused damage estimated at \$4,000  
to a Northwestern railroad signal  
tower in another of a series of fires  
which have occurred in Madison re-  
cently, which police officials believe  
are being started by the same persons.  
J. W. Troy, claim agent of the North-  
western, was sent here Wednesday  
by railroad officials to conduct an in-  
vestigation into the fire Tuesday  
night. Police are conducting an ex-  
tensive investigation into the fire  
cause also.

By Associated Press  
Owensboro, Ky.—Slight earth trem-  
ors were felt here at 6:50 Wednesday  
morning. Buildings quivered, window  
panes and dishes rattled, but no dam-  
age has been reported.

# Hitchcock Promises Hard Battle Against Hi Johnson's Rivals

Find Tomb Of  
Christ's Era

Philadelphia — An undisturbed  
tomb dating from the time of  
Christ has been discovered in the  
Valley of Kedron near Jerusalem,  
according to word received from  
Dr. W. F. Albright, director of the  
American School of Oriental  
Research in Jerusalem. Dr.  
James Alan Montgomery, presi-  
dent of the school announced  
Wednesday.

"The tomb contained more than  
a score of ossuaries," Dr. Al-  
bright wrote. "A dozen of these  
bore the names and genealogies  
of the occupants. All the dead  
apparently belonged to one fam-  
ily which flourished about the  
time of Christ. The slowly in-  
creasing number of such inscrip-  
tion groups is already beginning  
to provide me with valuable ma-  
terial for the nomenclature and  
eventually for the history of the  
new testament period."

Dr. Albright also reported the  
finding of a sarcophagus said to  
be the finest yet unearthed in  
Palestine.

# MICHIGAN MAN BACKS FORD ON DEMOCRAT CARD

Prominent Michigan Politician  
Admits Backing Auto Mag-  
nate For 1924

By Associated Press  
Detroit — Edward Frensdorff of  
Hudson, prominent in Michigan Dem-  
ocratic political circles, admitted  
Wednesday he was behind a move-  
ment to have the name of Henry Ford  
placed on the Democratic presidential  
preference ballot in 1924.

Mr. Frensdorff declared that peti-  
tions have been drawn up and that  
they would be circulated at once.  
"I am in favor of Mr. Ford and be-  
lieve the majority of Michigan Dem-  
ocrats want to vote for him," he said.

William A. Comstock, Democratic  
state chairman, expressed some sur-  
prise over the possibility of Ford be-  
lieving made a Democratic candidate.

"When Frensdorff mentioned the  
Ford possibility to me a month ago, I  
thought he was joking," Comstock de-  
clared. "Perhaps he is in earnest."

# COAL FIRMS OBJECT TO EXCESSIVE TAX

Superior Companies Threaten  
To Shut Down Unless  
Levy Is Reduced

By Associated Press  
Superior — That the Carnegie Dock  
and Fuel Co. and the Great Lakes  
Coal and Dock Co. will cease opera-  
tions in Superior unless taxes against  
the property of both companies are  
reduced and fairer treatment accorded  
both companies from the city of  
Superior was the substance of state-  
ments by C. G. Watts, general manager  
of the Great Lakes Coal and Dock  
Co., and by John Howe, vice-president  
and general manager of the Carnegie  
Dock and Fuel Co., Tuesday after-  
noon.

Both were present at a meeting of  
the tax board of review held in the  
council chamber at the city hall and  
at which time the question of the  
city's power to tax coal stored on  
local coal docks by railroads was taken  
up.

Mr. Howe declared that his com-  
pany had been in numerous legal en-  
tanglements with Superior and that  
he considered as unfair the general  
treatment the city had given the com-  
pany. Both men were indignant to  
ward what they called the "unfriend-  
liness" of the city.

# PATROLMAN SAVES LIVES OF 2 CHILDREN FROM FIRE

Chicago — Four children were  
saved from possible suffocation early  
Wednesday by patrolman Louis Pet-  
rucci who carried them to safety  
after they were overcome by smoke  
during a fire in a tenement building.  
Noticing smoke coming from the  
basement, he broke open the door and  
using his handkerchief as a smoke  
mask, found the children and their  
parents overcome. Firemen saved  
the children's parents.

# POLICE BLAME MOONSHINE FOR DEATH OF YOUNG MAN

LeCrosse—Glen Vang, aged 19, a  
resident of Prosper, Minn., who has  
been employed in a factory here, died  
after drinking moonshine liquor at a  
dance hall, the police claim Wednes-  
day. Three arrests have been made  
in an effort to ascertain the source  
of the liquor.

Choice Of Experienced Politi-  
cian To Manage Californian's  
Campaign Is Sensation Of  
Hour

BY DAVID LAWRENCE  
Copyright, 1923, by the Post Pub. Co.  
Washington—Selection of Frank H.  
Hitchcock to manage the campaign  
of Senator Hiram Johnson for the  
Republican nomination for the presi-  
dency is the political sensation of the  
hour today.

Mr. Hitchcock is known as the most  
astute broker in delegates in the re-  
cent history of American politics. The  
mere announcement of his connection  
with a campaign means notice to other  
campaign managers that there will  
be a fight. And a fight by the Hitch-  
cock tactics is something which usu-  
ally results in a nucleus of first choices  
and some understandings as to second  
choice when the delegates are as-  
sembled, a political give-and-take  
system that is practiced in both the  
Republican and Democratic parties  
from time to time, but a system at  
which Mr. Hitchcock usually has been  
able to excel. C. Bascom Slamp, private  
secretary to President Coolidge, knows  
the political game from the ground  
up and the forthcoming duel between  
him and Mr. Hitchcock will be worth  
watching, if indeed it becomes  
visible to the naked eye.

EXPERIENCED IN POLITICS  
Mr. Hitchcock has a way of bring-  
ing contesting delegations to the con-  
ventions. His main source of strength  
is in the south, though he has many  
friends in different parts of the  
country, friends who have worked  
with him from the days when he dis-  
persed offices in the postoffice depart-  
ment over which he presided. He  
has followed many former office-  
holders, those who would like to have  
the jobs held by others and who are  
taking an active part in local politics.  
He knows how to play on the strings  
of local factional discontent and make  
the most of his opportunities.

SOUTH IN QUESTION  
The only question which arises is  
how much Mr. Hitchcock can do in  
the south where there are today fewer  
delegates than before due to the re-  
apportionment. In the states of  
South Carolina, Georgia, and Missis-  
sippi, for instance, there are only  
about 17 delegates in all as contrasted  
with 51 in the "good old days."

Similarly, the "presidential primary"  
has entered the situation in many  
states and the pledging of delegates  
to go against a primary verdict is  
not easy unless the men who run  
"run" for delegates are not hand-  
picked. Generally speaking, the regu-  
lar Republican organizations will be  
for President Coolidge and they will  
see to it that delegates are "chosen"  
who will stick to the instruction of  
the primaries or state conventions.  
Some delegations will be persuaded  
to switch at the psychological mo-  
ment but the game now is to pick  
the right kind of delegates and make  
sure of their allegiance.

PRIMARIES MEAN LITTLE  
As for the west, particularly South  
Dakota, it turns out that the recent  
primary does not mean so much after  
all, as some of the delegates have been  
repeated on which it was thought the  
delegates would have to go, instructed  
by the primary verdict. They can  
go uncommitted. This means that they  
can all keep an anchor to windward  
and tack to the Coolidge side if it  
looked as if the president has pledged  
enough delegates to insure his nomi-  
nation.

The campaign has begun. Frank  
Hitchcock's entry into the lists means  
that the competition for delegates will  
be keen and what the politicians are  
wont to describe as "a rough and tumble  
fight with bare knuckles."

# SEEK JUDGMENT IN TAX SECRECY TRIAL

By Associated Press  
Madison — A request was made of  
attorneys for William J. Juneau, Mil-  
waukee, to take steps for entering a  
judgment in the state income tax sec-  
recy case test case by the attorney  
general's department Wednesday, ac-  
cording to Assistant Attorney General  
J. E. Messerschmidt. A decision in  
the case was entered by Judge Edgar  
V. Werner of Shawano, sitting for  
Judge E. R. Stevens in Dane co., some  
time ago, but judgment has not yet  
been entered.

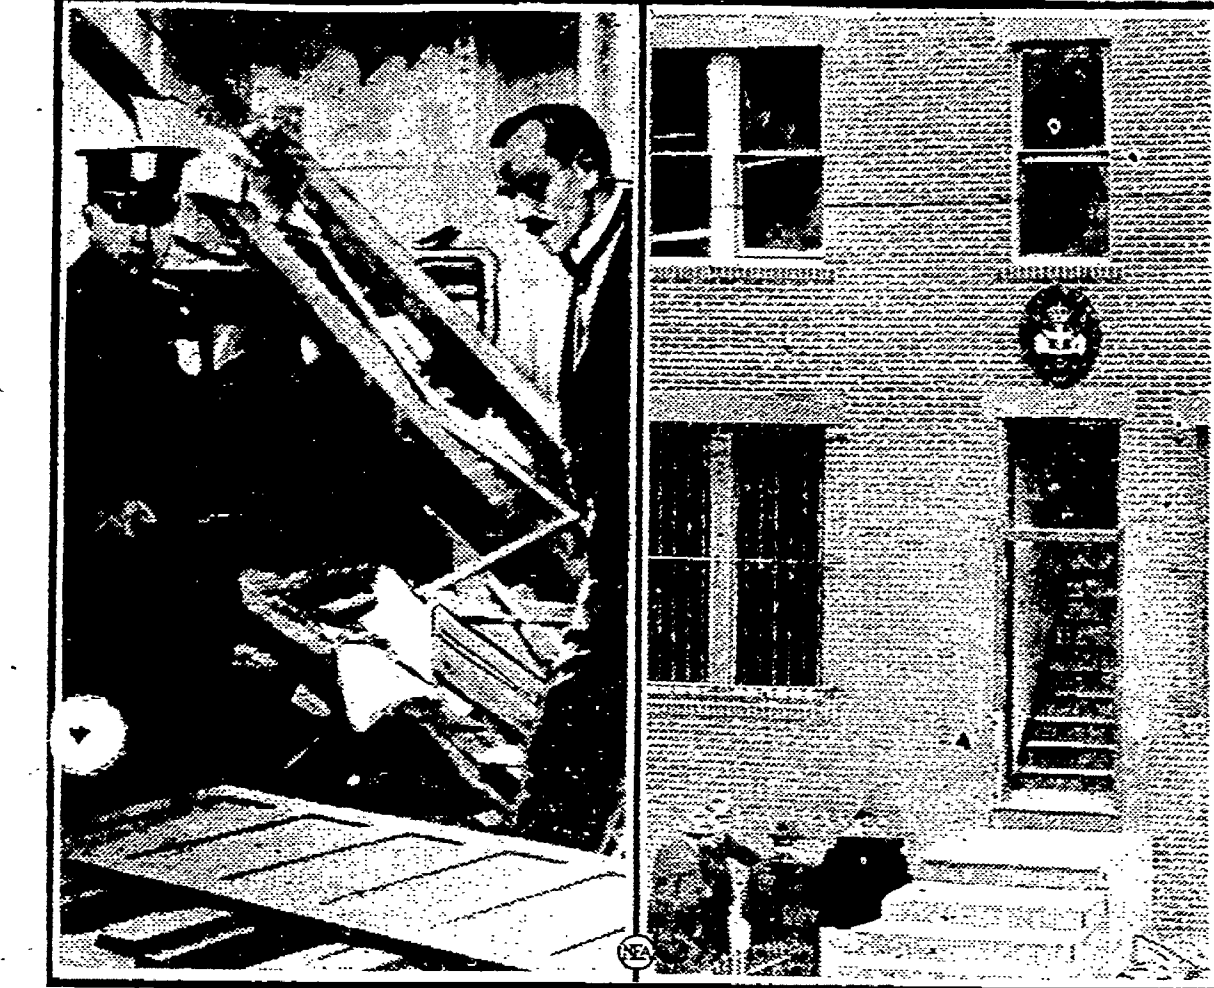

The action of the legal department  
was taken to speed up the trial which  
will be carried to supreme court. Un-  
less attorneys for Juneau act immedi-  
ately, a summary judgment be en-  
tered will be made on Judge Werner's  
decision. Under the original pro-  
ceeding, the state tax commission  
was enjoined from making public in-  
come tax records.

# SEEK MAN LEFT BOUND IN LOST TUNNEL FOR 10 DAYS

San Francisco—Authorities in the  
vicinity of Jackson, Calif., Wednesday  
are searching for an old mining tun-  
nel, in which Philip Olson, known as  
"Sonora Red," is believed to have lain  
for ten days, handcuffed and bound,  
according to a dispatch to the Exam-  
iner here.

James Kennard, a prisoner in the  
county jail at San Andreas, has con-  
fessed to Sheriff Joseph Spring that  
he manacled and tied Olson ten days  
ago and left him in an old tunnel, the  
location of which he has forgotten, be-  
cause Olson owed him money, the  
dispatch states.

# JOHNSON RAPS U. S. POLICY IN EUROPE MIDDLE

Senator Publishes Platform In-  
cluding Soldier Bonus And  
Lower Taxes

By Associated Press  
Chicago — After joining issue on  
national problems with the present  
federal administration in his address  
here Tuesday night, Senator Hiram  
Johnson Wednesday laid before the  
country the principles which, he let  
it be known, are to form the back-  
ground of his campaign for the Re-  
publican presidential nomination.  
Senator Johnson, during the course  
of his first public utterance since an-  
nouncing himself as a presidential  
candidate, expressed opposition to the  
administration's foreign policy, gave  
endorsement to the soldiers' bonus  
and to a plan for reduction of taxes  
on incomes, as well as suggesting  
remedies for the country's agricul-  
tural ills.

Opposition to any policy that would  
commit this country to "undisclosed  
European adventures," was declared  
by Senator Johnson.

"I do not protest against an Ameri-  
can policy toward Europe," the Cal-  
ifornia senator said. "I protest  
against an American policy which  
does not know what it is and which  
seeks to discover itself, or to hide it-  
self by first going into a conference  
with Europe."

# MOTHER LOVE LEADS WOMAN TO CONFESS

Wife Of Slayer Returns Home  
To See Baby Left After  
Attempted Robbery

By Associated Press  
Chicago — A mother's love caused  
Mrs. Katherine Malm, 19 years old, to  
give herself up Tuesday night to the  
police who have sought her since the  
alleged confession of her husband, Ot-  
to Malm, that he shot and killed Ed-  
ward Lehman, a watchman, during  
an attempted burglary of a knit goods  
factory three weeks ago.

When she fled to Indianapolis after  
the arrest of her husband last Friday,  
she left a two year old daughter with  
her sister here. Her only reason for  
returning and surrendering, she told  
police, was the hope that she would  
see the child again.

Questioned regarding her connec-  
tion with the shooting in which she  
received a slight wound, she corrobor-  
ated her husband's statements, de-  
tective say, and completed the evidence  
which will free Walter Bookelman  
and Ethel Beck, indicted for the kill-  
ing. Bookelman has been held since  
the Beck girl, according to the police,  
made a false confession in which she  
said he had killed Lehman and stated  
she was the woman accomplice, now  
known by the police to have been  
Mrs. Malm.

By Associated Press  
Chicago—Damages estimated at  
\$75,000 were caused early Wednesday  
by a fire which swept through the  
plant of the Yawley Manufacturing  
Co. The blaze started in a pile of oil  
soaked waste used to clean machin-  
ery, according to George Ott, a watch-  
man who discovered it.

Family Owns  
French Farm  
12 Centuries

By Associated Press  
Paris—The government announce-  
ment that it would decorate with the  
order of agricultural merit, disre-  
spectfully referred to as "the leaves"  
the heads of all families which could  
produce documentary evidence of hav-  
ing farmed the same land continuously  
for at least three centuries, has  
brought to the fore no less than 750  
families with the necessary qualifica-  
tions. Decorations will be posted in  
an early issue of the Journal officiel.  
The record is held by the LeFargues  
of Coutils near Meliers. This family  
has lived on its present estate since  
the year 772 in the time of Charle-  
magne.

# COOLIDGE MESSAGE READY FOR PRINTER

President Presents Recommen-  
dations Rather Than  
Arguments

By Associated Press  
Washington, D. C.—President Cool-  
idge put the finishing touches on his  
message to congress Wednesday, and  
the document was sent to the printer.  
The message is comparatively brief.  
White House attaches declaring it to  
be shorter than the average length of  
those sent to congress by Presidents  
Wilson and Harding.

The president has told visitors that  
he framed the message with a view to  
presenting explicit recommendations  
rather than arguments and disqui-  
sitions. His desire, he said, is to im-  
press congress with the soundness of  
the recommendations with sufficient  
force to render arguments unneces-  
sary.

Edward P. Farley, chairman of the  
shipping board who has just returned  
from Europe, had an engagement to  
talk with the president Wednesday re-  
garding the recommendations with re-  
spect to merchant marine, inasmuch  
as the message is completed, the con-  
ference will not alter recommenda-  
tions already made. It was said at the  
White House that the merchant mar-  
ine proposals previously had re-  
ceived the approval of Mr. Farley.

# Detroit Blaze Causes Damage Of \$1,500,000

Fire Started From Overheated  
Stove In Watchman's  
Shanty

## THREE PERSONS INJURED

Flames Spread To Munger  
Building And Warehouse De-  
spite Firemen's Efforts

By Associated Press  
Detroit—Fire starting from an over-  
heated stove in a watchman's shanty  
early Wednesday destroyed the De-  
troit and Windsor Ferry Co. dock,  
housing United States immigration  
and customs offices, spread to the six  
story Munger building which was  
burned to the ground, and then de-  
stroyed four story warehouse and  
several small buildings on Woodward-  
ave. and Bates-st. When the fire  
was brought under control a few min-  
utes after 5 o'clock Wednesday  
morning the total loss was estimated  
at \$1,500,000.

The warehouse of the Finsterwald  
Furniture Co. was consumed by the  
flames, fanned by a brisk easterly  
breeze. The first-arrived section at the  
foot of Woodward-ave was one of the  
oldest in the city and some of the  
buildings burned had been standing  
50 years. They were as tinder before  
the flames.

Three persons were injured, one  
probably seriously.

Although three fourths of the city's  
fire fighting equipment reached the  
scene 20 minutes after the first alarm,  
pouring 50 streams of water into the  
flames, the fire continued to press  
northward.

Three floors of the Munger building  
were occupied by the Finsterwald  
Co., and the varnished furniture fed  
the flames faster than the firemen  
could combat them. On another  
floor of the Munger block was the  
factory of the Eaton-Clark Co., dye,  
and varnish makers, and small ex-  
plosives there hampered the firemen.

The General Sales Co. automobile  
storerooms were next in the path of  
the flames which then spread to the  
Finsterwald Co. four story building,  
the office of the Lake Carriers as-  
sociation and the Bois-Blanc Boat Co.  
The Schulte Cigar Co. store also was  
destroyed. Ferry service between  
Windsor and Detroit was interrupted  
for several hours. At 7:30 o'clock  
two ferries loaded with passengers  
were working their way down the  
river awaiting a place to dock.  
Later they docked at Griswold-st.

One hundred policemen were re-  
quired to hold back the thousands of  
spectators attracted to the scene de-  
spite the early hour by the brilliant  
light of the flames.

# THUGS ROB BANK MEN OF \$20,000

Robbers Manacle Policeman To  
Motorcycle And Escape  
With Bank's Cash

By Associated Press  
Seattle—A daring and apparently  
well planned holdup of two Bank of  
California messengers at a street in-  
tersection in the heart of Seattle busi-  
ness district late Tuesday afternoon  
yielded seven bandits \$20,000 worth of  
negotiable bonds. No trace of the rob-  
bers who were heavily armed had  
been found early Wednesday, al-  
though police threw out a dragnet  
Tuesday night, patrolled all highways  
leading from the city and searched  
Seattle.

A motorcycle policeman accompanying  
the automobile containing the two  
messengers who were enroute to a  
post office sub station was manacled  
to the machine.

A small automobile blocked the  
path of the messengers' car at Jack-  
son-st. and Second-ave, a crowded in-  
tersection, and two men leaped from  
the machine, covered the bank mes-  
sengers with pistols and snatched two  
satchels containing the bonds and  
checks being sent to other banks from  
the car. Two other men, apparently  
their confederates, stepped out from  
the sidewalk and handcuffed the mo-  
torcycle policeman to his machine. A  
fifth man prevented a pedestrian at the  
curb from giving aid.

Two other messengers were seen in the  
handing machine. When the first pair  
darted back into their automobile  
with the satchels, the bandits who  
were on foot escaped in the excite-  
ment through the crowd which quick-  
ly gathered.

The machine used by the bandits is  
believed by police to have been stolen.

# NEW YORK CHIEF COMMUTES TURKEY'S DEATH SENTENCE

By Associated Press  
Albany, N. Y.—The plaintive "gob  
the gobble" of a white turkey shipped  
to the executive mansion from Farm-  
ingdale, N. Y., has led Governor  
Smith to commute the bird's death  
sentence, set for Wednesday, to life  
imprisonment. The turkey, he  
joined the other more or less wild life  
in the governor's private zoo.  
"There are enough dead turkeys  
around here without this one," said  
Governor Smith. "We're going to  
keep this fellow."

## OWNERS OF DANCE HALLS HELP BOARD DRAFT ORDINANCE

Changes in Dance Hall Regulations Result From Public Hearing

Dance hall proprietors who appeared before the ordinance committee of the county board at a public hearing Tuesday afternoon showed a willingness to have their places of business more fully regulated. One of them even said that it would be the best legislation the county board has ever attempted. Some objection was made, however, to the amount of the license and permit fees.

Superior J. J. Warden of Ellington, though favoring dance halls, said he questioned whether it was the proper business of the county board to regulate them. He said that the county board should not be asked to regulate them, but that it should be left to the city and town boards to regulate them.

**SEEKS EXEMPTION**

Louis Schroeder, proprietor of Rohn's Gardens, told the committee that he was a permit every night was a high price to pay considering the fact that he was paying a license of \$100 a week. He said he asked if his establishment was exempt, since no charge is made for the dance, but only for the table cover. John A. Lonsdorf, district attorney, declared that the establishment was to be closed under public dance hall under the terms of the ordinance. A public dance, he said, is one at which admission can be had by the public generally upon payment of an admission fee or by the purchase of a ticket, or presentation of a check or token, or in which a charge is made for the use of a table or other property, or by any dance to which the public generally without exception may gain admission without payment of a fee, or a dance operated for profit.

Mr. Melz, proprietor of Valley Queen pavilion at Two's Corners, suggested that the closing hour be fixed at 1 o'clock instead of 2 o'clock. He said that proprietors and musicians themselves desire to close earlier.

Gib Horst, musician, talked in favor of dance hall regulation, and recommended that the ordinance forbid the issuance of pass-out checks.

**HALT SUNDAY DANCES**

Supervisor Jansen asked that provision be made to forbid Sunday dances as an inducement to the closing hour be fixed at 1 o'clock. He opposed the section which exempts cities of the county from county legislation and advocated that legislation be uniform throughout. He questioned the wisdom of the section that forbids "loitering." He was informed that the section does not refer to guests who prefer not to dance, but to loafers and vagrants.

William Hutchinson, supervisor from Maple Creek, speaking on the section which requires licensing of soft drink stands in dance halls, expressed the opinion that no soft drink stand needs to be licensed unless it offers beer for sale.

Following the hearing, the committee consisting of F. R. Appleton, E. F. Spehr and J. G. Hildebrand, made several changes in the ordinance. It was presented to the county board Wednesday with the following amendments:

The closing hour to be at 1 o'clock instead of 2.

Saturday night closing at 12 o'clock to be in effect until 4 o'clock Sunday evening. On weekdays dances may be resumed at 2 in the morning.

Elimination of Section 12 which exempts Appleton, Kaukauna, Seymour and New London.

No issuance of pass-out checks to be permitted.

Installation of indoor toilets and lavatories in dance halls.

Permit fee of \$5 to be paid for as many dance inspectors as it is necessary to appoint for a dance.

Turning over of annual license fee of \$10 at the end of the year to the respective town, village or city supervisor, in whose district the license has been issued.

## FEW ACTIVITIES AT "Y" ON THANKSGIVING DAY

With the exception of the boys department which has its third annual grade school relay race for the city pennant at 9:15, followed by a talk by W. E. Smith and a motion picture, all activities at the Y. M. C. A. will be closed Thanksgiving morning. The building will be open, however, with a secretary in charge.

In the afternoon the boys department will be closed. In the men's department the billiard room will be open and possibly the bowling alleys.

## A Feeling of Security

You naturally feel secure when you know that the medicine you use about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder medicine. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for every thing. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

## Poultry Cheap And Plentiful Here This Year

Poultry dinners will be the general rule in Appleton Thanksgiving day. According to dealers the demand for turkeys, geese, ducks and chickens has been greater this year than for several years previous. This is because they are more plentiful and cheaper.

The fact that poultry is more plentiful is due to several reasons. One is that more was raised this year than previous years, and another is very little poultry has been shipped this year due to warm weather and the condition of the Chicago market which is unloading two million pounds in cold storage held over from last Thanksgiving.

Because of the difference in price, the demand for geese, ducks and chickens has been greater than for turkeys. Turkeys have been selling on the local market at from 45 to 50 cents per pound; ducks at from 30 to 32; geese at 25 cents; and chickens at from 20 to 25 cents.

# MAY ASK COURT TO TO RECOVER \$891 PAID ON JUDGMENT

County Board Told Money Was  
Paid Illegally—Lonsdorf  
Says It Wasn't

The attorney general of Wisconsin and possibly the courts will have to decide the proper officers of the county to whom judgments are to be referred and whether the county clerk has authority to pay out money on the basis of such judgments without an order from the county board of supervisors.

That is the outcome of a legal entanglement which aroused considerable dispute in the Tuesday morning session of the county board, following a report of the finance committee to the effect that \$891.63 was illegally paid to Arthur Pardee, in spite of the fact that the disbursement was made upon the basis of a local opinion from the district attorney.

Last week Chairman P. H. Ryan offered a resolution that the county board appropriate \$891.63 said to be due men who furnished the job award to the county garage building job awarded the Blake Paving and Construction company, and start legal action in order to recover that amount from Arthur Pardee. The latter claimed the amount on the basis of a court judgment against Mr. Blake. The money was paid Mr. Pardee without an express order from the county board. Mr. Ryan argued, and was therefore illegally paid.

**GET LEGAL ADVICE**

The county clerk order for the amount was signed by John E. Hantschel, county clerk, and John Tracy, acting chairman of the board, on April 14, 1923, after they had opinion from John A. Lonsdorf, district attorney, and three other attorneys, that the law commands the payment of such a claim.

The district attorney's opinion is as follows:

Mr. John Hantschel, County Clerk—Dear Sir: You state the Blake Construction company built certain buildings for Outagamie county; that on the 14th of April, 1923, the said Blake Construction company had coming and due from Outagamie county the sum of approximately \$2,519.40; that more than thirty days prior to said date one Arthur Pardee, by his attorneys, had filed a certain copy of a judgment in favor of the said Arthur Pardee and against the said Blake Construction company. In accordance with Section 2716-A, that at the date mentioned there was, not on file in your office any written notice of any unpaid claims of material men or material used in said buildings as is required by Section 3347-DD, and you ask what your duty is under such a state of facts.

"My opinion is that it was your duty on the above date when the said amount was due the Blake Construction company and the said judgment had been filed, but no written notice of liens had been filed, to withhold payment of the said judgment as the law commands you to do. It is also my opinion that it would, at this time, be an illegal expenditure of the public funds if you or the treasurer should issue any county orders or checks to reimburse the said material men for the amount of the said judgment heretofore paid. The said Blake Construction company, having been bonded, it is the duty of the bonding company, after receiving its premium and being liable in its bonds, to make good the defaults of the said Blake Construction company."

Tours very truly,  
John A. Lonsdorf, district attorney.

When Mr. Ryan's resolution was referred to the finance committee, Chairman William Beck of Seneca asked for authority in order to get to the bottom of the matter. The committee reported Monday that the disbursement of the \$891.63 having been made without the order of the county board it was illegal. The clerk and the vice chairman would accordingly have to reimburse the county out of their own money and possibly start action against Mr. Pardee to recover. Supervisor Frank R. Appleton moved adoption of the report and the motion was promptly seconded.

**CALLS IT UNFAIR**

Supervisor A. J. McClellan declared that it was unfair to ask the clerk and vice chairman to stand the bill, since they acted in good faith, and therefore moved to amend the resolution, by authorizing legal action against Arthur Pardee.

Chairman Ryan of the county-state road and bridge committee objected to Mr. Lonsdorf's opinion since it was based upon information that no unpaid claims had been filed with the county by the material men who furnished material for the Blake Construction job. Blake on becoming bankrupt had surrendered his claim of approximately \$2,559 to the material men and this was on file in the county highway office. Supervisor McClellan explained that the clerk had no record of the material men's claim at that time and therefore acted in good faith when he paid the bill.

Mr. Lonsdorf advised the board that the county was not out of any money and that it was a matter for the material men and the bonding company that bonded Blake on the garage construction job to settle. John Balliet, representing the bonding company, said that such a procedure would be unfair to the company and said it was responsible only for the construction job and not for debts of Blake on an automobile.

To clear up the matter, Mr. Beck recommended that it be submitted to the attorney general for an opinion. Mr. Lonsdorf approved of the suggestion and maintained that he still believes that the court would uphold him in the opinion he gave out.

Supervisor McClellan then withdrew his amendment on the condition that Mr. Appleton withdrew his resolution. Both withdrawals were made and the resolution was laid over until the

# County Tax Levy This Year More Than Double Tax Collected In 1914

Accounting In County Offices  
More Complex As County In-  
creases Expenses And Ac-  
tivities

Accounting in the county clerk's and county treasurer's office has become considerably more complicated than it was ten years ago. A number of funds have been added to the records that were unknown in 1914. The volume of money handled also has been more than doubled.

Although the county general tax this year was less than it was ten years ago, retirement of bonds, and increased highway tax levies and the addition of new funds has made the total tax higher.

Outagamie county's tax levy for 1914 was \$412,504.67. Last year the tax levy amounted to \$750,631.61. The highest year of taxes was levied in 1921 for the year 1922. Last year's tax levy also was lower than that of the 1920 levy. In the five year period from 1919 to 1923 the total tax levied varied as follows: \$355,907.49 for 1919;

spring session of the board, pending an opinion of the attorney general.

The question still hinges on who is to pay the \$891.63, the county, Mr. Pardee, the bonding company, or must the material men stand the loss. One of the questions that has a bearing on the whole dispute is on the time that the judgment was presented for payment and the time of the filing of the claim of the material men. It is understood that both were filed the same day.

# Man 74 Years Old Is "Rejuvenated" In 3 Weeks Without Gland Operation

Kansas Contractor Tells of Wonderful Results Obtained in Test of New Scientific Discovery.

Thomas J. Glascock, 74, well-known Kansas contractor, declares he has virtually been made young again by the recently discovered "Kortex" compound, which is pronounced superior to "gland treatments" as an invigorator and revitalizer.

"I feel like I did at 35," says Mr. Glascock, "and seem to be getting stronger every day. During my three weeks' use of the new discovery, pains and weaknesses of many years' standing disappeared almost magically. Today I am as vigorous and supple as I was in the prime of life. Furthermore, when I began using the compound, my memory was virtually gone and I was almost blind. Now my mind is clear and active and I can read the finest print without difficulty."

In order to find out whether the results were lasting, Mr. Glascock waited six months before reporting on his test of the discovery. On this point he says:

"Every passing day strengthens my conviction that my restoration is not only complete but permanent. I can't express the happiness this great discovery has brought to me. It has made me 'young' again."

Similar reports are being made almost daily. For instance, D. V. Wood of New Orleans, past 60 years of age, says: "The compound has brought me back to as good, healthy physical condition as I enjoyed at 35. I am apparently as supple as at 25 and my eyesight is better than for years. I would not take \$5,000 for what the discovery has done for me."

The compound is a simple home treatment in tablet form, absolutely harmless, yet rated as the quickest and most powerful invigorator known. Acting directly on lower spinal nerve centers and blood vessels, it brings gratifying benefits in a few days, according to thousands who have tested it.

"It is wonderful," writes a resident of Hollister, Cal. "In less than 24 hours you can feel it does the work. It makes one feel young as a young man. I am more than happy and glad I tried it." Another Californian says: "The compound is a world's wonder. I feel like I was about 25 and here I am nearly fifty."

The compound has been tested in all parts of the country and has won the

THOMAS J. GLASCOCK

praises of thousands who suffered from nerve weakness, lessened or depleted vigor, neurasthenia, premature age, impaired glandular activity and lack of animation and vital force. Its effects seem to be virtually the same on both young and old. Physicians say the principal active ingredient of the compound gives speedy satisfaction in obstinate cases that defy all other treatments. Elderly people pronounce the discovery a real "fountain of youth."

Realizing that thousands of enfeebled, half-alive folk may consider such news "too good to be true," the American distributors have agreed to supply a double-strength treatment of the discovery on a guaranteed trial basis to everyone in need of such a preparation. If you wish to test the compound under a money-back guarantee, write in strict confidence to the Melton Laboratories, 3983 Melton Building, Kansas City, Mo., for a two-dollar treatment of Kortex compound, mailed in a plain, sealed wrapper. You may enclose two dollars, or simply send your name, without money, and pay two dollars and postage on delivery, as you prefer. In either case, however, if you report within ten days that you are not satisfied, the laboratories will refund the purchase price upon request. These laboratories are nationally known and thoroughly reliable, so nobody need hesitate about accepting their guaranteed offer.

# The Greatest Force

The greatest force in the world is the will to serve.

When it is born of enthusiasm it is dynamic in its intensity.

When it emanates from a sense of duty it endures.

It is the will to serve that puts imagination into business.

It is the will to serve, persisted in over a long period of years, that has made the Standard Oil Company (Indiana) one of America's outstanding successes.

It is this same will to serve that has encouraged this Company to foster industrial husbandry not alone in its own business but elsewhere.

If the management of the Standard Oil Company (Indiana) had been content to take from crude petroleum, gasoline, kerosene and lubricating oils only, this Company would have been a large manufacturing concern, but it never could have achieved its present position as an institution in the industrial world.

Without disturbing those three essential major products, this Company set about utilizing waste. It retrieved products of great benefit to the medical profession—products that lighten the burden of the housewife—products that make night travel safe—products that make good roads—and products that serve mankind in a score of ways.

All these products were developed by the will to serve.

The personnel of the Standard Oil Company (Indiana) is obsessed with the will to serve and led by men with imagination—imagination reduced to terms of practical business.

It is the will to serve that inspired the Manufacturing Department of the Standard Oil Company (Indiana) to develop methods for increasing the yield of gasoline from a given quantity of crude petroleum.

It is the will to serve that caused the Standard Oil Company (Indiana) to lease to competitive concerns the right to use such important manufacturing processes.

It is the will to serve that caused the Standard Oil Company (Indiana) to create and maintain facilities so comprehensive as to serve a five-gallon customer as carefully, as accurately, and as promptly as it serves a thousand-gallon buyer.

It is the will to serve, expressed in terms of action, that has earned for the Standard Oil Company (Indiana) the confidence, respect and esteem of the thirty million people of the Middle West.

# Seek Costumes For Girls In Holiday Play

"Why the Chimes Rang" and the program of tableaux and Christmas carols will be given by the dramatic workshop of Appleton Women's club in the Playhouse on Dec. 11 and 12. The first rehearsal of the tableaux and the vision scene from the play took place on Tuesday evening.

Those in charge of the costuming for the Christmas program are anxious to get materials for the costumes. Any one who has heavy materials such as couch covers and portieres which are no longer in use is urged to telephone the clubhouse and someone will call for them. If the material is faded or even if it needs mending, the girls will be able to use it. For the Christmas costumes it is necessary that heavy materials be procured and these are too expensive to buy.

# \$15,000 PLEDGED FOR ENLARGEMENT OF FAIR PROPERTY

Seymour Association Has Dinner At Which Indebtedness Is Announced Cleared

Seymour—Fifteen thousand dollars has been subscribed by farmers and business men of Seymour to finance improvements and purchase of additional land at the fair grounds here, according to announcement made at a dinner of Seymour Fair and Driving Park association at Hotel Falk Monday evening. There were about 40 men present and a number of talks were given.

A committee consisting of William Beck, W. Sherman, E. C. Werbel, Henry Roepcke and C. J. Jackson was appointed about a month ago to find a way to finance the indebtedness assumed by the association in its program of extension. These men were to arrange a dinner of those interested in the fair.

The plan was to find 30 men who would subscribe \$500 each out of \$15,000. They were to loan this amount to the fair association and take a mortgage on the property in return. The fund was to include the purchase of the Maracan land next to the fair grounds. Each such subscriber was to be made a director of the association.

Success of the plan was announced at the dinner. Mr. Huth, president of the association, presided at the program. Dr. W. D. Boyden was the first to take part, singing solo with accompaniment by Miss Cora Johnson. A violin solo was played by Grover Falk, and musical tricks were presented by Dr. R. C. Finkle.

Mr. Huth expressed the purpose of the meeting and called on William Beck, trustee, who outlined the financial situation. The latter declared that improvements made at the fair grounds during 1923 amounted to \$14,171.72, and those from Jan. 1, 1917, to Jan. 1, 1923, totaled \$11,074.35. With the foregoing taken care of under the mortgage plan, a bigger fair will be possible in 1924, it was said.

Among the others who spoke were George Falk, who has been a trustee for 39 years since the association was organized, and Dr. Shepherd who has been one for 15 years.

# ON THE SCREEN

JONES AND MISS MASON OVER SHADOW FORMER THRILL EFFORTS

The pirate theme, which has been the keynote of numerous picture successes during recent years and which bids fair to be revived by producers during the present season, has been used as the center of action and interest in the Lincoln J. Carter melodrama "The Eleventh Hour," a Fox special which opens a 3 day engagement at the Elite theatre tomorrow.

Instead of the three-mast and rigging of tradition, they ply their trade in a modern twentieth century submarine, the use of which was obtained from the United States Navy.

Charles Jones, virile hero of many a successful picture of the West and petite, charming Shirley Mason are the stars. June Elvidge, a former star in her own right, is also in the cast with Allan Hale, noted "heavy," Edward Martindale, Richard Tucker, Walter McGrail and Frederick Kelsey.

Bernard Durning, who directed the big Fox special "The Fast Mail," is also director of this new feature.

STRONG STAR CAST IN "FLAMING YOUTH"

"Flaming Youth," Warner Fabian's delightful expose of modern social life, a First National picture, is to be the feature of the program at the Elite Theatre beginning Monday for a four day engagement.

In this picture Colleen Moore, First National's newest star, enacts the role of Patricia, naive and sophisticated flapper. Others in the cast are Milton Sills, popular veteran of the screen; Elliott Dexter, known as one of the best actors on the screen today; Sylvia Breamer, who played "the girl" in "The Girl of the Golden West"; Myrtle Stedman, the original "American Beauty," and who has the distinction of being one of the most finished actresses of Alamo; Walter McGrail, who played the role of Morgan Pell in Edwin Carewe's "The Bad Man," and Betty Francisco, who is distinctly popular with film fans.

EAST MEETS WEST IN POPULAR NORMA TALMADGE PICTURE

"O East is East and West is West and never the twain shall meet," wrote Kipling in one of his inspired moods. But in "The Forbidden City," at the New Bijou today and Thursday, East, most intriguingly interpreted by Norma Talmadge, marries the West as represented by Thomas Meighan. It is a tale of China of the maddening, a tale of mystery and romance and pathos intermingled.

The story begins when Wong Li, a Chinese mandarin, learns that his beautiful daughter, San San, has been married secretly to John Worden, a young officer attached to the American Consulate. He spirits San San away during her husband's absence, and Worden is never again able to find her. As Wong Li has been in disfavor at the royal court, he offers San San to the emperor. The emperor accepts her, but when he learns that San San has given birth to a half-American baby girl, he orders both Wong Li and San San killed. The baby, Toy, is saved.

Later in life, after Toy has grown to beautiful womanhood, she makes her escape to Manila where she becomes a Red Cross nurse. Here she

# \$25,000 FIRE LOSS FOR ADELL FARMER

Shelbygan—George Bates, pioneer Holstein breeder of Shelbygan county, suffered a \$25,000 loss on Sunday when all of the buildings on his farm west of Adell were burned. The loss included his entire harvest and most of his livestock, only two cows and a bull being saved.

The farm is operated on lease by Joseph Wisse, who lives in an adjoining house. He and his hired man were away at the time of the fire and Mr. Bates was alone in his house with his 90 year old mother when the fire broke out, and could not leave her.

The loss is partially covered in the recently organized Farmers' Mutual insurance company of Plymouth, the policies aggregating \$3,000, and it is considered a serious blow to the company, which as yet has few resources.

# BURGLARS GET LOOT FROM JEWELRY STORE AT KIEL

Kiel—Fifteen watches and eight rings were stolen from the Peter Jagla jewelry store here early Tuesday morning by robbers who broke the plate glass window with a brick. The thieves did the job when the town marshal, Frank Grotz, was at the railroad station.

Jagla, whose sleeping quarters are in the rear of the store, heard the window crash, but when he reached the front of the building, the robbers had fled. They left a top coat, the only clue, in their getaway.

Two strange men were noticed in a bowling alley Monday afternoon and police are trying to locate them. The loot amounts to several hundred dollars.

# CLINTONVILLE REJECTS POWER DAM PROPOSAL

Clintonville—The Clintonville city council voted down the proposition to establish a power plant at Big Falls dam. Although the engineer's report indicated a sufficient amount of water for development of a suitable plant, the initial cost and cost of operation would bring the cost of power to about the same amount as the city is now paying.

# HOLD SURPRISE PARTY ON WEDDING ANNIVERSARY

Little Chute—Mr. and Mrs. John VerVoort, tendered a surprise party at their home on Madison st. Sunday afternoon and evening in honor of their tenth wedding anniversary. Cards were played. The guests were Mr. and Mrs. Henry Wildenberg, Mr. and Mrs. Henry Davenport, Mr. and Mrs. Adrian Wydevan, Anton, Peter, Harriet, Della and Dora VerVoort, all of Little Chute; Peter, Marie, Nellie and Mrs. John VandenBosch, Free dom.

meets and falls in love with Lieut. Philip Halbert. The two plan to marry, but when the governor, John Worden, learns that Halbert is about to marry a Chinese girl, he sends him away on a distant mission. In the meantime the governor becomes seriously ill. Toy is nurse, and as he partly recovers, he finds out that she is the daughter of his Chinese wife. Then Halbert returns and the governor gives his consent for their wedding, which is celebrated at his bedside.

# PAY RUMRUNNERS IN FAKED BILLS

Dozen Persons Arrested in Jersey Towns For Raising Amounts

Newark, N. J.—A dozen persons recently have been arrested in Jersey coast towns, where rum running flourishes, for the alleged passing of raised bills officials of the department of justice said Tuesday in commenting on a despatch from St. Paul, telling of the arrest there of three persons suspected of being involved in a national counterfeit organization allied with liquor smugglers. The Jersey cases have been turned over to treasury department agents for further investigation.

According to federal operatives, local bootleggers frequently pass raised bills to members of the rum fleet. These bills get into circulation when the runners enjoy shore leave. Recently fifteen \$100 bills raised from \$1 notes have been found in Pennsylvania towns where some of the smuggled liquor goes.

# Says---Now Stiff Joints Must Go!

New Discovery Limbers 'Em Up and Even the Creaking Ceases.

Yes, it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your spangled clothes, and walk briskly down the street just to stir the neighbors that you are not as old as they think you are."

Joint Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint Ease succeeds.

It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immediate.

Voigt Drug Co. has a big big supply of it and druggists everywhere report a big demand.

### TRUSTEES DECIDE AGAINST SUMMER CLASS AT COLLEGE

Preparations Are Started For Vacation School At Lawrence In 1925

Assets and endowment of Lawrence college total \$1,698,978.83 and buildings and equipment are valued at \$1,182,173.54. It was reported to the trustees of Lawrence college at their fall meeting on Tuesday afternoon. All debts on the properties of the college have been cleared. The running expenses for the year for the college of liberal arts and the conservatory amounted to \$350,298.76. More than \$100,000 was added to the endowment during the past year and \$17,000 was spent in repairs.

**NO SUMMER SCHOOL**

The trustees decided that there would be no summer school session this year but plans will be made for one in the summer of 1925. Committees were appointed to see what can be done about enlarging the Lawrence field and selecting a site for the new gymnasium. The gymnasium will not be built until sufficient funds have been raised, however. Another committee was appointed to study the investments of the college and to make some changes in investment.

Ten foreign scholarships were established to be offered to students from foreign countries, giving them their tuition and fee of all kinds. Dr. R. C. Mullenix reported to the trustees on the work which is being done with the freshmen.

At the dinner which was served to the guests at Russell Sage, Mrs. Hunt of Milwaukee, the wife of the president of Lawrence when Dr. Plantz graduated, was a guest. It was her husband who had the president's home built.

**FACULTY RECEPTION**

A faculty reception was held at Russell Sage after the dinner. Eighteen members of the board were present at the business sessions and part of those who were unable to remain for the evening program. The faculty reception gives the trustees an opportunity to meet the new members of the faculty.

The amount which was spent for instruction in the college of liberal arts was \$194,001.55; in the conservatory, \$50,745.17; for dormitories, \$92,565.56; for administration, advertising, publications, \$27,001.01; for interest, \$12,626.13.

### SEEK COMPENSATION FROM BADGER BOARD

Appleton Man Says He Was Hurt While Working For Highway Commission

In the second day of the workmen's compensation hearings conducted in the courthouses by Examiner Harry A. Nelson of the state industrial commission Tuesday, three claims were heard and three were continued to some future date. On Monday afternoon two hearings were held and one was continued.

The first case Monday afternoon was that of Raymond Heidger vs. the state highway commission. He received burns while repairing trucks for the commission at West Aills on April 6. His home is in Appleton and for that reason the hearing was held here.

A question of who was the employer of Ernest Miron of Little Chute when he was hurt while jumping off a truck at Greenville last July 29 was argued before the examiner. The Green Bay Sugar company from whom he claims compensation denies liability. Miron was injured in the groin.

Testimony was taken in the first hearing of Fred Niet of Kimberly vs. Gust Maas of New London. Niet was hurt when a horse stepped on his foot last May. An injured hand was the cause of Walter J. Reetz's claim against the American Plywood company. The accident occurred on June 27.

The cases of William Girrens vs. Chicago & Northwestern Railway company, Henry Falek vs. Milwaukee Steel company, Morcha Lembeck vs. Appleton Broom company and Frank Jungbauer vs. Winnebago Dairy Products company were continued.

### BROTHERS OVER 60 FEW MILES APART MEET FIRST TIME

Salt Lake City — The Dalton brothers—A. A. and Joseph A. both well above the 60 mark—are just beginning to get acquainted.

Although they always have lived only a few miles apart, they met for the first time the other day.

And here is how the reunion was effected:

T. J. Adler, a Salt Lake salesman and brother-in-law of Joseph A. Dalton, 53, of this city, was out in Sandy, a Salt Lake City suburb, calling upon prospects. And one of those he happened to see was A. A. Dalton, who advised him to call on his brother.

**NOONDAY MEETING**

Adler asked Dalton of Sandy if he has any relation to Dalton of Salt Lake City. And Dalton of Sandy ventured that he did have a brother named Joseph A. Dalton, whom he never had seen.

"Maybe the Salt Lake Dalton is my brother," he said.

"Well," replied Adler, "he's my brother-in-law."

Adler arranged the meeting. It occurred during a noonday court intermission while Joseph A. Dalton was serving on a jury.

**FEW RAILROADS THEN**

Here is the story Joseph had to tell:

"My sister was keenly disappointed when I was born, because I wasn't a girl. So mother told sister she could rear me. In 1875, when she moved to Montpelier, Idaho, she took me with her."

But his brother's story was even briefer.

"When I was a baby," he related, "father moved to Springfield and took me along. I grew to manhood in that part of the state, and afterward moved to Sanpete county."

"Nobody traveled much those days, as we had to depend almost entirely on horses and oxen, for there were few railroads. So I guess that's how we lost trace of each other."

But now the Dalton brothers are making a new time.

They are visiting one another just as often as they can.

### CROSS PACIFIC IN ENGINELESS CRAFT

Intrepid Landlubbers Carry Out Determination To Deliver Craft To U. S.

Portland, Ore.—For the first time in history a small sailing yacht has successfully crossed the Pacific.

She is the 32-footer Dwyen Wren, manned by a crew of inexperienced hands, under the command of a physician who was both owner and captain.

After battling the elements for 42 days, the little craft recently sailed down the Columbia river on the final lap of its 4000-mile trip from Yokohama.

For six weeks the men fought with perilous gales, ate rain-soaked food and encountered, alternately, rain, fog and calm before sighting their goal.

Dr. R. H. Ellis bought the British yacht Dwyen Wren from her former owner at Hongkong. The vessel has a 20-foot beam and is constructed of steel and teak.

Reared in a New England town, with a fearlessness of the sea, the physician determined to bring the craft to America under his own sail with his own crew. And he did.

### BUCKS HOODOO

Just to discredit superstitions of the sea, the captain made all of his starts on Friday. The Dwyen Wren sailed from Hongkong harbor for Kokonama on a Friday and escaped being plundered by pirates, although the whole coast was being raided at the time. The craft, however, barely missed plying up on the island of Formosa, infested with head hunters.

"One summer day, a Friday, the Dwyen Wren plumed the Columbia into the long stretch to the Columbia river," related Captain Ellis.

"We ran into the tail of a typhoon the first evening. Out of the blackness of the night I discerned the rolling lights of a Japanese steamer, swung our helm over and over and barely escaped collision."

"Most of the weather was wet and foggy, intermingled with calms and some fine sailing days. Our radio outfit went bad the first day out and were without outside communication of any sort."

### WORTHY CRAFT

"The Dwyen Wren performed magnificently in the most trying and severe of gales and mean weather. Our decks were comparatively dry in seas which would have smothered many steamers badly. I'd rather take my chance in a storm on the little yacht than on most any steamer I know."

In addition to Captain Ellis and a first mate, the Dwyen Wren carried on its historic voyage a wireless operator, cook, steward, mechanic, three Philinios and the doctor's small crew, Henry.

The path-finding yacht is to be used for further adventures by her new owner, who is figuring tentatively on a trip around the world. The spirit of his seagoing New England forefathers is yet in his veins.

### FLIVVERING THROUGH SKY

Daylight shopping will be the policy among merchants more than ever during the holiday season this year and a concerted effort will be made to eliminate the shoplifting menace in the stores, according to the general sentiment revealed at a conference of retailers of Appleton, Neenah, Menasha and Kaukauna at the chamber of commerce rooms Wednesday morning.

The meeting was called principally to reach a general agreement as to closing hours during the week preceding Christmas. The larger stores were obliged to arrange also for a schedule that would not violate the law concerning working hours for women.

**DECIDE LATER**

Merchants from neighboring cities could not act definitely for others in their lines, and no decision therefore was reached. Conferences will be held and a canvass made within the next few days, after which the holiday policy will be announced.

There appeared to be uniform support among those present, however, for a plan by which stores will not be open any evening during the week before Christmas except on Saturday. This plan has been adopted widely in other cities, where the tendency, as well as in the valley, has been toward daylight shopping as more satisfactory to the public and less of a strain on the salespeople.

**OPEN EVENINGS BEFORE**

The custom in other years has been to keep stores open for several evenings the closing week of the holiday shopping period.

Shoplifting is the cause of losses every year while the stores are crowded, merchants entering into the discussion said, and a plan of co-operation therefore was devised which will provide for increased vigilance, a

### FIERY LEADER OF JUGO-SLAVS FINDS REFUGE IN LONDON

Steven Raditch, Stormy Petrel Of Croatia, Escapes Unrecognized

By Associated Press

London — Stephen Raditch, the stormy petrel of Yugoslavia, is now in London. The irrepressible Croatian patriot, who has been compared to Patrick Henry, Kossuth, d'Annunzio and De Valera, fled across six European borders unrecognized and found refuge in the British capital. The Belgrade authorities had accused him of high treason for defying the government and comparing the country's young queen, Marie, to Madame de Pompadour for her extravagance.

Raditch was formerly a bookseller in Zagreb, Croatia. He is gifted with great eloquence, and all the independent spirit and fiery temper of the true patriot. He began his bloodless fight for home rule against the Serbs in 1915, after Croatia had become merged with the new kingdom of the Serbs, Croats and Slovenes. Like the sons of Ireland who fought to achieve the independence of their country, Raditch from that time never ceased the struggle for the freedom of his countrymen. He was a constant thorn in the side of the Belgrade government, which both feared and respected him. After warning him many times against his radical utterances, the cabinet had him arrested, but soon ordered his release when his supporters threatened a revolution.

Raditch is sometimes described as the Mystery Man of Europe, and he has always been an enigma even to the Serbs, who variously called him "charlatan, scoundrel and lunatic. But none of the epithets is regarded by outsiders as just, for the Croatian leader had behind him the whole of his little nation. He is small in stature and unimpressive in appearance, but possesses striking intellectual talents, much charm of manner, and many ideas which tumble over each other in their haste to find expression.

### CONWAY RETURNS FROM HOTEL MEN'S CONFERENCE

Mr. and Mrs. John Conway returned Tuesday from New York where Mr. Conway represented the Wisconsin Hotel Men's association at the International Hotel Men's convention. There were more than 200 managers of hotels in Europe at the convention, which is conceded to be the biggest in hotel history. Two of the banquets given during the week of the convention were attended by 1,700 and 1,800 people.

est-ave I spied several men working over an automobile. Unable to remedy the engine trouble, they finally pushed the car down town.

LETTER FROM JOHN ALDEN  
PRESCOTT TO MRS. MARY  
ALDEN PRESCOTT

MOTHER:

I did not dream for one moment that you could write me such a letter as the last one I received from you. I confess that the reason I kept it so long without answering it was because I was afraid to trust myself to answer it.

I announced to you my adoption of a child by sending you the clipping without any comment because I was so busy and worried over darling Leslie's condition that I had no time to apologize to you or any one else for doing what I consider one of the most splendid things I ever have done in all my irresponsible careless life. Being my mother, I thought you would understand. It seems I was mistaken.

I hope you will forgive me, mother, if I say that this harping upon ancestors bores me very much. Certainly I have a kind of pride in the fact that John Alden is my ancestor, but I don't remember that he really ever did anything so very wonderful except he proposed to Pocahontas for himself when he was sent to propose to her for Miles Standish.

We have inherited the character, I think, with a lot of romance and poetry because of Longfellow's poem. He probably was a man just like the rest of us. No better, no worse.

Ancestors only mean that one must live up to the inheritance of a good name and one of the ways that I am doing this is in giving to a little, helpless, innocent child my name as well as that of my most illustrious forebear.

I am telling the world that I expect to bring that boy up to be a further pride to me and the entire family which he represents.

As far as his being illegitimate—oh, how old fashioned, how narrow, how absolutely cruel. There are no illegitimate children, and that a child

is unfortunately born out of wedlock is not the fault of the child and no disgrace should be attached to it.

I have sometimes thought, when I have thought about it at all—which is seldom—that an illegitimate child, as you call it, is never often born through the consent of a great love between a man and a woman that is the one that is born to the eyes of the world. I believe that just as many married as unmarried women have brought new-born children into the world.

I would not have believed that my mother would go out of her way to insist on such splendid examples of American Genealogy as Leslie's father and mother if I had not read it written in your own hand.

Do you not realize that the Hamiltons are built of the same stuff as were the progenitors of whom you are so proud? Joseph Graves Hamilton has been through his own efforts to bring the big man he is in the steel industry.

And Mrs. Hamilton is one of those good women. She has been tireless in her efforts to bring up her children not only in the care of Leslie but in her help to me in this great trial, something in which my own mother has been sadly deficient.

You may think this rather cruel but I believe the truth should be brought home to you and as for your threat of disposing of the heirlooms of the John Alden family to some one else, "I can't wait," go ahead and do your worst.

I don't want "em." You also say that I can never bring my son, for he is my son, into your house. Now read carefully what I put down here.

Neither Leslie nor I will ever step across your threshold unless we can bring the baby with us.

JOHN.  
TOMORROW—Letters from surprised friends—happy, inspiring thoughts.

Until they were half a mile away "What was wrong?" panted Nancy.

"That was Pop Randall," said Master Gallop. "He was after Penny Prairie Dog. He'd better go back and see if he can help her." Penny Prairie Dog.

"How did you get away?" asked Nick.

"We were a good deal of a party," said Penny Prairie Dog. "When Master Gallop came in the first time we were out the back way."

HOW STRANGE TO BOY  
Cleveland—All the way from far-off Russia, a boy named Frank, born out of home again.

The boy, who is about 10 years old, was found by a Russian soldier in a field near the border.

He died before the war ended, but when the war was over, his mother, who was a Russian, took him back to his country on a ship.

## Adventures Of The Twins

Penny Prairie Dog Escapes  
One day Nancy and Nick and Mister Gallop, the cowboy fairy, were riding across the prairie just to see what they could see.

Suddenly they heard a "Chik Chik Chik" halfway between a bark and a squeak.

"Oh, look!" cried Nancy, almost falling off her horse in excitement. "What's that?"

"That's Penny Prairie Dog," answered Mister Gallop, looking down at the funny little creature sitting straight up like a kangaroo on his hind legs. Every time he parked he jerked his tail which made him look like a wounded rabbit.

"Yes, and be careful that your pony doesn't step into one of his big holes they use for front feet," warned Mister Gallop. "See Penny and Snow go slowly or they'll trip and throw you off."

Suddenly there was a queer rattling noise almost under their feet and in less time than it would take a star to fall—the three ponies started off as though they had been shot out of a gun.

"Whoa!" shouted Nick pulling hard on his reins.

"Stop!" yelled Nancy, tugging with all her strength.

And Mister Gallop, the cowboy fairy, tried so hard to stop his pony that he stood straight up in his stirrups.

But not one of the three stopped

# GALAXY OF LEGION LUMINARIES SHINE AT POST MEETING

State and National Officers Speak At Monthly Meeting Of Local Post

Appleton will be host to more American legion celebrities Monday night than ever before in its history, when Oney Johnston post holds its monthly meeting in Elk hall. With the membership campaign completed at that time and many new members enrolled, it will be one of the biggest meetings ever held by the local post.

While perhaps a dozen prominent legion men will be present to witness the kind of meetings the Appleton veterans hold, only three of them will make addresses. They are F. Ryan Duffy of Fond du Lac, national vice commander; Vilas Whaley, Racine, state commander; and James H. Mc Gillan, Green Bay, former Ninth district commander and a favorite of the local veterans.

Other legion officers who have promised to be present are Dr. E. H. Cary, Reedsville, state vice commander; W. H. Johnson, Kiel seventh district executive committee; H. V. Higley Marinette, former state vice commander; E. T. VanGorder, Antigo, past Ninth district committee; John V. Diener, Green Bay, Ninth district committee; George Goetz, Milwaukee, Fifth district committee.

**GUESTS AT DINNER**  
These men will be guests of the officers of the post at a dinner preceding the regular meeting of the post.

This gathering will be the first under direction of new officers of the post with Commander L. Hugo Keller presiding. Entertainment is to be provided and lunch probably will be served.

Mr. Duffy and Mr. McGillan have spoken at post meetings here before but this will be Mr. Whaley's first appearance. Mr. Whaley was elected state commander at the Wisconsin convention in August in Superior and is coming to Appleton because the post here is recognized as one of the largest and most active in the state.

Plan to attend the St. Elizabeth Card Party at Elks Club Saturday afternoon.

## Is Your Work Hard On Your Kidneys?

Is your work wearing you out? Are you tortured with throbbing backache—feel tired, weak and discouraged? Then look to your kidneys! Many occupations tend to weaken the kidneys. Constant backache, headaches, dizziness and rheumatic pains are the natural result. You suffer annoying bladder irregularities; feel nervous, irritable and worn out. Don't wait! Use Doan's Kidney Pills. Workers everywhere recommend Doan's. They should help you, too. Ask your neighbor!

**AN APPLETON CASE:**  
Frank Lemke, bricklayer, 1130 N. Division-st., says: "I strained my back overhauling. This caused pain through my back. I could hardly stoop, so sore was my back. My kidneys annoyed me and the secretions passed too often and were highly colored. After taking one box of Doan's Kidney Pills I felt better and two boxes cured me."

# Bovina Cheese Factory Honored For Appearance

Special credits given by the Marshall Dairy Laboratory of Madison to the West Bovina Cheese factory for its pleasing appearance. F. A. Henke is the operator who competed in a cheese factory "beauty" contest, which was conducted by the Marshall laboratory.

Cheese will be eaten with keener appreciation if consumers know in what attractive and well-kept buildings and surroundings it is manufactured, it is argued. Mr. Henke won the prize for the best looking factory in Outagamie-co.

The West Bovina Cheese factory was started 21 years ago when the present building was erected. Mr. Henke purchased it in 1919 but has made cheese for many years. He started 15 years ago in the factory of Henry Kassebender at Greenville. There are 31 patrons delivering 5,000 pounds of milk a day at the West

Salt Lake City has an individuality all its own. The Mormon Temple; the Tabernacle with its great organ; the Wasatch Mountain Drives; Great Salt Lake, more remarkable than the Dead Sea of Palestine; the Bingham copper mine, largest in the world—are only a few of the reasons why you should see Salt Lake City.

## ONLY FIVE WEDDINGS SCHEDULED IN COUNTY FOR THANKSGIVING DAY

Is Thanksgiving day losing its significance as day of feasting and becoming a day of fasting? Fewer wedding bells will ring this Thanksgiving day than on the same day last year, so far as this county is concerned. According to the records of John E. Hantsch, county clerk, there were no fewer than 15 weddings in the county on last Turkey day. This year only five couples have put a red ring around Nov. 29. Is Cupid becoming a pagan that he is inspiring so little gratitude?

Bovina factory. In the flush season, 3,000 pounds are delivered daily. The largest production in a single month was 18,175 pounds of cheese and the total output last year was 133,355 pounds or nearly 70 tons. To make this amount of cheese 150,000 gallons of milk was necessary. Mr. Henke in addition shipped considerable sweet cream. The factory is located not far from Shiocton on rural route No. 1, Shiocton.

## INVITE C. OF C. MEN TO CREDIT DINNER

Secretaries Will Meet in Milwaukee Dec. 4 To Take Up State Problems

Two dinners are to be tendered the Wisconsin Association of Commercial Secretaries during its meeting in Milwaukee Dec. 4, according to a letter received by Hugh G. Corbett of Appleton, president, from the Associated Retail Credit Men of Milwaukee. The credit men will be hosts at a dinner on the evening of Dec. 4 and Mr. Corbett has written them accepting the invitation.

Milwaukee Association of Commerce sent Mr. Corbett an invitation several days ago to a luncheon at noon, and this also was accepted.

Programs will be arranged for these two dinners so mutual problems may be discussed. E. L. Philipp, former governor of Wisconsin, is to outline his plans for a state chamber of com-

merce at the noon gathering. Leaders of better business bureaus of the state will be present at the credit men's dinner, and plans will be made to cooperate with the commercial secretaries for the betterment of credit conditions among retailers.

Problems of secretarial work will be taken up in the sessions of the secretaries' association, and a visit will be made to the Wisconsin product exposition, which is to be in progress at that time.

## MISS MERCEREAU MEETS MAT CHAMPION THURSDAY

Miss Marie Diderich, Appleton young woman who has won fame in the east, where she is known as Virginia Mercereau as a wrestler will meet Cora Livingston, world's champion woman wrestler, in a handicap match in Boston on Thursday night. Miss Livingston has agreed to throw the Appleton girl in two straight falls. Miss Mercereau defeated Bobbie Mill-

or in a one fall match in Boston, thereby earning the right to meet the champion.

## Stomach Comfort for Good Eaters

**Tablets**

They may talk about balanced rations, calories and all that, but most people enjoy eating the good things they see before them. What they want is the simple means of stopping gaininess, sour risings and such distresses if they come.

A host of people use Stuart's Dys-

pepsin Tablets because they give the stomach the alkaline effect, they stop the gas, they sweeten the stomach, they aid digestion in the stomach. They are balanced to do just these things, and you can rely upon this relief every time. Get a 60-cent box of Stuart's Dyspepsia Tablets at any drug store and you will eat your pie and cheese, steak and onions, sausage and buckwheats, cream in coffee and defy old man dyspepsia.

A black and white photograph showing a section of a stone wall. On the right side, there is a door with a simple frame. To the left of the door, there is a small, arched window or niche. The wall is made of rough-hewn stones. The image is grainy and has a high-contrast, almost stencil-like quality.

A detailed black and white illustration of a dining room. In the center, a table is set with plates, glasses, and a centerpiece. A large, ornate banner hangs above the table, featuring the word 'Thanksgiving' in a stylized font. The room is filled with various pieces of furniture, including a large sideboard, a smaller table, and chairs. The illustration is highly detailed, showing textures of the furniture and the setting of the table.

## WIECKERT AGAIN HEADS HOLSTEIN BREEDERS ASSN.

Dairymen Divided Over Advisability Of Holding Cattle Sales

Walter Wieckert was re-elected president of Outagamie County Holstein Breeders association at the annual meeting in the office of R. A. Amundsen, county agent, at the courthouse Tuesday afternoon. Edward G. Mosler was elected secretary and treasurer, succeeding A. V. Tetz. The executive committee is composed of R. J. Schaefer, George R. Schaefer, Edward Saman, Malachi R. R. and William Wieckert was re-elected.

After a lengthy discussion it was decided to hold a bull sale, but no date fixed. The secretary was instructed to secure a list of all bulls above six months old by members, with their records and have the owners check those they were willing to place on sale. The list is to be prepared for the convenience of R. A. Amundsen, county agent, who has frequent calls for these animals by outside buyers.

Those who participated in the discussion were about evenly divided as to the advisability of having a sale because of the low prices that prevailed at previous sales. It was decided to give a sale providing enough consignors could be secured.

**ANNUAL SPRING SALE**  
The giving of the annual spring sale was argued at length. However, again low prices were emphasized and it was brought out that more attention is now often paid to the type or individuality of a cow than to her productivity. This was generally admitted to be a fancy of short duration. Instances were cited where a cow of a particular type brought a higher price than one with a record.

Relative to cow testing associations they were deemed important but expensive. R. A. Amundsen, county agent, did not believe that testing ought to be discarded entirely. He is working out a plan which he hopes to reduce the cost about 65 percent.

Speaking of the National Holstein association of which he is an officer, R. J. Schaefer said it was spending a large sum of money in the promotion of Holstein products and Holstein milk.

Mr. Schaefer is a strong supporter of cow testing associations and so they benefit every breeder. If the farmer can find out what his cows are doing it is going to be a great help to him, he declared.

The membership fee was raised from \$1 to \$2. The total receipts for the year, according to the treasurer's report, were \$3875.11, and total disbursements, \$3873.61, leaving a balance of \$152.11. The annual dues of the state association were ordered paid.

Dr. William Madison addressed the members relative to holding sales in his new building on Washington street which is now ready for use. He said the structure was large enough to answer all requirements and was at the disposal of the association at any time.

## NICHOLS FREED OF \$50,000 MORTGAGE

Court Holds Big Mortgage Is Obligation Of Cereal Mills

A judgment in favor of A. L. Nichols was filed in circuit court Tuesday by Judge Edgar V. Werner in the suit of Nichols vs. Louise S. Galpin, Katherine K. Willy, F. S. Bradford and Appleton Cereal mills.

Mrs. Galpin, Mrs. Willy and Mr. Bradford had foreclosed on the Appleton Cereal mills on a \$50,000 note and mortgage executed by Mr. Nichols. The latter then brought suit to himself declared not liable.

In the judgment rendered by Judge Werner, it was ordered that the note and mortgage executed by the plaintiff to the defendants on Feb. 21, 1921, are an obligation of the Willy company, or the Appleton Cereal mills, and that A. L. Nichols is not liable upon the notes and mortgage executed by himself and his wife, nor liable to any deficiency judgment that may arise out of the sale of the premises covered by notes and mortgage.

The case was argued by Morgan & Johns for the plaintiff and Bradford & Bradford for the defendant. The judge took the case under advisement.

## CORBETT SPEAKER AT INDUSTRY FORUM MEETING

## END HEARINGS ON ACCIDENT CLAIMS

Examiner Harry A. Nelson of the state industrial commission and Reporter L. B. Rettele completed their work at the three day hearings under the workmen's compensation act Wednesday noon in the courthouse. Two more cases, those of Antone Tencen vs. Outagamie Paper company, and Mrs. William H. Hebert vs. Hardwood Products company of Neenah, were continued to future dates.

Testimony was taken in the case of Albert Johnson vs. Bergstrom Paper company of Neenah, in which the claimant is asking for compensation for a broken wrist. The accident occurred Jan. 29, 1923, when his hand was caught under a roll of paper.

Paralysis has set in as result of having been overcome with heat while working for the Bergstrom Paper company. It was asserted by Christ F. Jensen, Jensen was overcome Jan. 11 of this year.

Compensation for time lost as a result of temporary disability caused by an injury in his groin was claimed by John Boyce. The respondent in the case is the Appleton Machine company. Boyce was injured Aug. 16 when he was struck by a train pipe.

## KORNELY AWARDED \$530 COMMISSION

Real Estate Man Sues Bovina Farmer For Pay For Property Deal

A jury of 12 men in municipal court Tuesday night awarded a judgment of \$530.75 in favor of P. A. Kornely, Appleton real estate agent, and against C. R. Hanson and Marie Hanson, town of Bovina, for money due the realtor as commission on a business deal.

Mr. Kornely had brought about a transfer of a garage in Manitowish-waukegan in exchange for a farm in Bovina, a deal involving about \$9,000. The plaintiff demanded \$650 commission together with \$52.45 as interest due on that amount, making the total judgment sought \$702.45. The defendants had executed a note to cover the amount of the commission but deferred payment on account of unpaid taxes of the property.

Upon completion of testimony and arguments, Judge A. M. Spencer charged the jury at about 4:15 Tuesday afternoon. Not having reached an agreement at 7 o'clock, the jury was taken to supper at Hotel Northern and returned and reached a verdict at

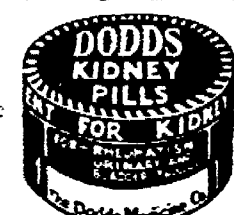

10:20. F. B. Bradford represented the plaintiff and Fred V. Heinemann represented the defendants.

**Move to New Home**  
City Engineer R. M. Connelly and family, who have been making their

home at Hotel Northern since their arrival in Appleton several months ago, are planning on Thanksgiving day to move into a new home at 33 Bellaire park which Mr. Connelly purchased several weeks ago. The residence has just been completed.

## Old Fashioned Christmas

**G**ONE ARE THE DAYS OF OLD FASHIONED CHRISTMAS. The Yule Log, the minstrels, the waits, have vanished in the rush of modern life. STILL we have the Spirit of Old Fashioned Christmas—the sentiment of the Day is yet alive. This year can have the jolliest Old Fashioned Christmas anyone can remember. There is still the Day, the Tree, the cheery greetings, the jolly gatherings of families and friends. An Old Fashioned Christmas is the Jolliest Day in the whole year.

And who wants anything but an Old Fashioned Christmas! Christmas is the one Day when modern conveniences and inventions mean nothing. Nobody cares about such things at Christmas. Christmas is nineteen hundred years old! — And getting older every year. Holly, mistletoe, Christmas Trees and carols are old, old customs—growing more delightful and enjoyable every Christmas.

Pettibone's is the Store of Old Fashioned Christmas. The Joyous Spirit of that time is here. At Christmas time—Pettibone's doesn't sell merchandise, but GIFTS! These gifts are arranged for your selection with the Old Fashioned Christmas Spirit. They will be shown to you under the branches of lighted Christmas Trees.

Let's bring an Old Fashioned Christmas to Appleton this year!
